A PROFITABLE BUSINESS.

Few are aware how profitable a SUCCESSFUL town interprise is. Here is history: "The Elyton Land ompany, Birmingham, Ala., was incorporated in 870 with a cash-capital of \$100,000. The capital stock as then fixed at \$200,000. In 1883 a dividend of 200,000 was declared; 1884, 45 per cent; 1885, 45 er cent; 1886, 540 per cent; 1887, 2,200 per cent; S88, 100 per cent, amounting in the agaregate to 5,570,000 paid in dividends in six years on an instance of \$100,000. The property is now worth robably \$50,000,000. Middlesberough, ky., in two ears became a city of \$,000, its town company stock preclated 650 per cent on original cost. Many other namples could be mentioned,"

MOST WONDERFUL
Of All Reed Instruments.

A "Vocalion" was recently sold to this church after sharp competition with other leading orwans. When you have listened to the beautiful and pipe-like tone quality of the "Vocalion," you will at once admit its superiority over all other REED ORGANS. In fact it has NO PEER in SWEETNESS and VOLUME of tone. "THE VOCALION" COSTS LE-8 THAN ONE-THIRD of the cost of a pipe organ of equal size. Possibly your church NEEDS A NEW ORGAN. TO RETALIATE ON CANADA.

A Message on the Subject Expected Fr the President. It is understood that the President will sub mit a message to Congress this week upon the subject of reciprocity between the United States and Canada, The most important feature

of the message will be a recommendation to Congress to impose tolls upon Canadian vessels passing through the Sault Ste Marie chan-

to Congress to impose tolls upon Canadian vessels passing through the Sault Ste Marie channel. This action is proposed in retaliation for the tolls levied upon American vessels passing through the Welland canal.

The message will also submit the report of the conference held between Messrs. Thompson and Tupper, representing the Canadian government, and Secretary Blaine and Gen. Jno. W. Foster.

The course of the Canadian commissioners. Messrs. Thompson and Tupper, in relation to this subject of discrimination by their government against United States vessels, demonstrates that their authority was quite limited, and that they have been powerless to carry out promises which they were understood to have made before leaving Washington. At one of their meetings, it is said, Secretary Blaine made a vigorous protest against the continuance of the practice of charging discriminating tolls against United States vessels passing through the Welland and St. Lawrence canals. His statement of the case was so convincing that the visitors practically could make no defense, and promised, according to the understanding of Secretary Blaine and Gen. Foster, to have the practice discontinued with the opening of the season this year. So far as the officials here have been advised, nothing has been done by the Canadian authorities, and it is felt that the time has come for the United States to retaliate, to some extent at least, for the discrimination enforced against United States to retaliate, to some

SAILING OF THE TYNEHEAD. The Washington Ship Leaves for Russia Londed With Grain. Special Disputch to The Evening Star. New York, May 2.—The steamship Tyne-

head, laden with 3,000 tons of grain for the famine-stricken peasants of Russia, sailed at 1 o'clock today from Dows' Stores, Brooklyn. The loading was completed late on Saturday night. This morning the ship was dressed gaily in bunting, with the Russian and American flags at the peaks. In honor of the efforts of Miss Clara Barton in behalf of the enterprise the famous Barton in behalf of the enterprise the famous Red Cross flag appeared in several places in the lines of color covering the vessel. The ship was chartered by the people of Washington to carry the generous contribution of the state of Iowa. A committee of Washingtonians was to have been present at the embarkation, but the delay in loading caused by the rains of last week necessitated the return of all but Mr. B. H. Warner and Mrs. Sara Spencer, who were present today. Commissioner Douglass, &x-Commissioner Hine and Mr. E. Kurts Johnson, the other members of the committee, inspected the vessel Saturday.

FOR PEACE IN WYOMING.

Johnson County Authorities. CHEYENNE, WYO., May 2.—Advances looking to a compromise between the stockmen and rustlers have been made by representatives of Johnson county. The olive branch is extended in the shape of a paper addressed to the cattle owners, which recites that the authorities of that county invite all owners of cattle have participated in the recent armed invasion to send trustworthy and discreet persons to the ranches to look after the round-ing up and preservation of their property. The paper, which is signed by the county com-missioners and sheriff, pledges the cattlemen

pose to stop stealing at any cost. One emissary of North Franklyn explains that there is to be reform, in the hope of retaining in the county the taxable wealth in the shape of herds county the taxable wealth in the shape of herds soon to be driven to Montana and elsewhere. The peace delegation from Johnson is much discouraged at the rebuff they have received from the cattlemen, but say they will make new overtures and hope to bridge over the difficulty.

The Story Not Believed.

No credence is given at the Capitol to a renewal of the rumor that Senator John Sherman would in a little while announce his retirement from public life. Senator Sherman has denied this story several times. It is true that he is now engaged in editing for publication the letters which his brother, Gen. Sherman, wrote to him during and after the war, but the labor connected with this compliation—valuable and interesting a publication—valuable and interesting a public will be—will not require any great amount of the Senator's time.
